Rumbek, 29 June 2013

Dear Peter greetings!

I have to communicate to you an urgent painful decision.

I suspend you from all services and responsibilities at the Radio Good News Station with immediate effect till further notice.

I also ask you ^{to} keep away from the Radio station premises and compound starting from today; it is necessary for us and for the smooth running of the Station.

William Laat Mabor will replace you at the Radio Station, starting immediately.

I ask you Peter to bear this moment with strength and maturity for your good and the good of the Radio project for which you have done so much.

May the Lord bless and be near you.
